1. On behalf of the Occupational Therapy staff, I would like to express our sincere appreciation for your outstanding performance while on work placement to the Occupational Therapy Section.
2. The multiple tasks assigned to you by all staff do not decrease your motivation to help us "get the job done." Included among the assignments you perform for us are: assisting in caring for patients, transporting patients to and from the clinic, typing, xeroxing, constructing adaptive equipment, timely distribution of mail, correspondence and consultations, answering telephones, etc.
3. Oftentimes these jobs were given to you with short-term deadlines, yet you did them expeditiously and cheerfully. I have personally felt your personal use of judgement in prioritizing items of importance was conscientious and professional.
4. We welcome your continued assistance while at Brooke Army Medical Center and wish you the very best of luck in any future endeavor you undertake.
